

**Relevance of the email:**

- A warm and welcoming letter to the parents sent a week before the event, inviting them for the MLV program.
- It gives parents a quick brief on what will occur during the MLV, and gives them the date & time, of the MLV.

Dear Parents,

It was wonderful to meet you all at the home visits, where we got to interact with all of you and understood the students better.

It has been almost two months since the school started and there has been so much learning. It is now time to make all of it visible to you!

We would like to invite you for the first Making Learning Visible (MLV) of the year; where the students would like to share the 'What' and the 'How' of their learning journey so far.

We look forward to meeting you at the MLV program:

*On Thursday, 1<sup>st</sup> of September at the School.*

*At 8:30 am. Request you all to gather in time.*

Warm regards,

Muzammil, Mira
